

OMAHA FACULTY DENOUNCED BY WOMAN SPEAKER

Sealock and Holt Are
Criticized by Mrs.
Harris.

MINISTER TALKS

Omaha churches and schools are tainted with radicalism, Mrs. Saldee O. Harris of the Good Government club and Rev. George Mortensen of the Grace Lutheran church declared at a meeting of the Women's Organization for Good Government at the Y. W. C. A. Wednesday morning.

Rev. George E. Mortensen of Grace Lutheran church asserted that he had seen radical literature from all the high schools and Municipal University.

"I have these statements in black and white," said Rev. Mortensen.

In his address the clergyman told of his contempt for those societies who were against war, and for those whose expressed purpose it was to further the interest of labor organizations. He also opposes the grade school safety patrol system.

Quotes "Red Network"

Mrs. Harris showed the audience several pamphlets being used in the Omaha high schools, written by authors who are now classified in "The Red Network" as being "radical."

"Dr. Sealock of Omaha University," said Mrs. Harris, "has told me that he is not frightened by any communistic scares. I have shown him the proof, but he still refuses to be frightened."

Dr. Edgar A. Holt, dean of the Arts college, was also denounced by Mrs. Harris.

"Why does he (Dr. Holt) always denounce Huey Long and fascism and dictators?" Mrs. Harris asked. "Why does he never speak against communism?"

Mrs. Harris called the leading American educators "uninformed." "They know nothing of these things," she said, "and they will not be taught."

At the conclusion of Rev. Mortensen's address the club voted to support the proposed teachers' oath of allegiance and the registration of aliens.

Women Debaters In State Tourney

The Omaha University women's debate team, composed of Josephine Carroll, '36, and Bernice Pelmetter, '36, journeys to Lincoln today to enter the Nebraska Inter-collegiate debate tournament at Nebraska Wesleyan.

The team will meet each of the seven teams entered in a round-robin. In 1933 the women's team of the University of Omaha won first place, and in 1934 tied for second place.

In two non-decision debates this week the team met the Peru State Teachers Tuesday, March 2, and the men's debate team of Pacific University, Forest Grove, Ore., Wednesday, March 13.

Gateway Adheres to NRA Newspaper Code

The Gateway last week signed the NRA code for the Graphic Arts Industry and will hereafter print with each issue the familiar Blue Eagle of the Recovery Act, Morris Fisher, business manager, announced Wednesday.

Dr. V. Royce West, chairman of the Board of Publications, characterized the Gateway's adhering to the code, "as a gesture of understanding and desire on the part of students to co-operate with the national administration."

Sealock, Mahan Talk at Chamber

University of Omaha Head
Speaks on Contributions
of College to Community.

Dr. William E. Sealock, president of University of Omaha, and Father P. J. Mahan, president of Creighton University, spoke Monday at the Good Fellows' luncheon at the Chamber of Commerce.

Dr. Sealock's subject was "Contributions of the University to Omaha Life." He stressed the fact that college men and women are needed in order to interpret the thoughts of the leaders to the masses.

"I am not thinking in terms of depression but in terms of the changes in the world. It is going to be a more difficult task for the youth of today to succeed than the youth of yesterday. Get preparation to live. That means more and better education," he said.

In his opinion, the Liberal Arts college furnishes a better education than any other.

He repudiated the contention that the schools of today were becoming communistic, socialistic, or radical in any way.

Dr. Victor E. Levine, chairman, introduced the speakers. Father Mahan spoke on "What Creighton Means to Omaha."

Mrs. Pitts Director Summer School Choir

Mrs. Carol M. Pitts, director of the Omaha University choir, will be an instructor in the Christiansen Choral School, to be held from July 28 to August 6 at Winona Lake, Indiana.

Mrs. Pitts will teach courses in high school choir rehearsal, voice and diction, and organization and management for high school directors.

SURGEON SPEAKS TO CLUB

Dr. R. R. Best, prominent abdominal surgeon of Omaha, spoke before the Pre-Medical club, Friday, March 8th. He discussed some of the diseases and cancers developed in the abdominal and intestinal tract. Dr. Best pointed out to his audience that the physician is the one to go to for medical advice.

Lucille Mitchell, '36, was toastmistress at the recent banquet of the Iota Rho sorority at the Elks' club.

FACULTY DECIDE TO BAN SMOKING IN UNL. BUILDINGS

Committee Advocates
Swinging Door For
Gateway Office.

EASE EYE-STRAIN

By MACY BAUM

The Gateway office, it seems, is not all that it might be in the way of neat housekeeping.

It seems, too, that there is a rule against smoking.

This rule, laxly enforced during the past, has been put into effect in all university buildings and will henceforth apply to faculty and students alike. This decision was reached at a faculty meeting Tuesday afternoon and went into effect the following day.

The committee, headed by Prof. Hugh Robert Orr, also recommended the "more or less necessary untidy appearance of The Gateway office" be remedied by the installation of a swinging door to make the "physical aspect of the office less conspicuous to the public eye."

The report of the committee: After investigating various suggestions relative to solving the problem occasioned by smoking and by the more or less necessary untidy appearance of The Gateway office, your committee recommends: 1. That smoking by faculty members or students be discontinued in all the University buildings and offices until such time as special rooms can be set aside wherein smoking may be permissible.

2. That the present office of The Gateway be provided with a swinging door or other means of rendering the physical aspect of the office less conspicuous to the public eye.

Who Is It?

A Central High grad who is studying to be a doctor. He likes blondes and spinach all in the same breath, besides being a Phi Sig. If you know any more about him or who he is, don't bother to do anything about it, because it probably won't do you any good.

Mr. Paul D. Haynie has been re-elected superintendent of the schools at Kilgore, Neb.

Collegiate Digest "Spot Pix" Artist

F. Gay Hastings, a senior at Wesleyan University (Middletown, Conn.), is the artist who created the new and interesting cartoon game, "Spot Pix," which appears for the first time on page 7 of this week's issue of Collegiate Digest. A psychology major and a member of Delta Kappa Epsilon, Hastings is also studying art in preparation for a career in advertising. His new cartoon column is one of the many interesting collegiate features that have been brought to our readers this year by Collegiate Digest.

Alpha Sig Frat Formal Tonight

Theta Phi Delta Dance Next
Friday; Cunningham Is
Chairman; 200 at Phi Sig.

Alpha Sigma Lambda fraternity will hold its annual formal dance tonight at the Fontenelle. Carleton Williams, '35, is chairman of the affair. The College Club orchestra will furnish the music.

Activities of the chapter will entertain their dates at parties preceding the dance.

Thetas Plan Dance

Theta Phi Delta fraternity held a meeting Monday night at the home of Bennet Johnson, '36. Arrangements for the annual formal dinner dance were completed.

The affair will be presented Saturday night, March 30, at a local hotel. Art Maro's orchestra will play.

Guests of honor will be Dr. and Mrs. William E. Sealock, Dr. Claude Stimson, Prof. and Mrs. S. L. Witman and Prof. and Mrs. L. M. Bradfield.

Glen Cunningham, '35, is chairman of the dance. He is assisted by Francis Nelson, '37, and Lewis Leigh, '37.

200 At Phi Sig

Phi Sigma Phi fraternity presented the first annual "Sweatheart Swing" dance Friday night, March 8, at the Chermot ball room. John Vogel, '37, was chairman of the dance committee.

Perkins Addresses Chemistry Club

R. N. Perkins of The Perkins Laboratories in Omaha spoke before the Chemistry club at 10 o'clock this morning. His talk, "Swimming Pool Water," was the fifth lecture in a symposium on water.

LARGEST SENIOR CLASS TO RECEIVE DEGREES IN JUNE

85 Make Applications,
Registrar Declares
Wednesday.

AWARD 7 M. A.'S

Eighty-five students have applied to the Registrar's office for various degrees from the Municipal University of Omaha. This is the first class to graduate whose members entered the University after it became a municipal institution in 1931.

"This will be the largest graduating class in the history of the University," C. W. Helmstadter, Registrar, predicted. "These are applications for degrees to be given out both in June and at the end of summer school."

L. D. Crenshaw, bursar, is one of the applicants for an arts degree.

Bachelor of Arts degree:

Isabelle Alcon, Gladys Bartlett, Mabel Blackstone, Mary Brown, Lawrence Anderson, Paul Brauner, Robert Brown, Duane Butler, Franklin Buxton, Arthur Callin, Doris Conoley, Eileen Christensen, Fern Corkin, Lucille Crew, Cecil DeLong, Nana Davis, Norane Denton, Barbara Fair, Morris Fisher, Edythe Grobmann.

Dorothy Jones, Vera Kries, Eleanor Larson, Allene McMahon, Elizabeth Ann Miller, Ralph MacDonald, Lloyd Patterson, Thomas Organ, Joan Reasoner, Mary Rigg, Margaret Robinson, Charles Sevelick, Honora Swiger, Howard Sorenson, Anna Thurston, Velma Smith, Heward Wilcox, Ruth Wallace, Gene Hoover. (Continued on Page 3)

Chem Frat Will Hear Iowa Prof.

Dr. Pearce to Speak Next
Week at Gamma Pi Sigma
Banquet at Medical Arts.

Gamma Pi Sigma, honorary chemical fraternity at the University of Omaha, will hold its annual banquet at the Medical Arts Tea Room at 6:30 Friday evening, March 22. Dr. J. N. Pearce, professor of physical chemistry at the University of Iowa, will be the principal speaker.

Dr. Pearce will give an illustrated lecture on "The Brominated Acid-Base Theory as a Correlating Agent." A letter from Dr. Bromsted, professor of physical chemistry at the University of Copenhagen, Denmark, and the man who formulated the acid, will be read at the banquet. The letter was written especially for the affair. Another letter of greeting from Ruth Bryan Owen, who is in Denmark, will also be read.

Table decorations are to carry out an early spring theme. The international aspect of the speaker's subject will also be represented in the decorations. Danish and American flags will be used.

Invitations have been sent to all alumni of Gamma Pi Sigma, and to chemists and scientists in Omaha, Lincoln, and nearby colleges.

Student members of the fraternity have full charge. Stanley Kurz is general chairman. Com-

RADICALS AT OMAHA UNIVERSITY?

THE way in which one's emotions can run away from his or her better sense was never better illustrated than at the Y. W. C. A. Wednesday, when Rev. George E. Mortensen and Mrs. Saidee Harris flung charges of communism and radicalism at local churches and schools, including Omaha University.

These two misguided individuals apparently believe that our local schools and churches are hotbeds of "reds" who are plotting the overthrow of our democracy. On what evidence their charges are based, beside flights of the imagination, is difficult to determine. Certainly their charges as confined to Omaha University are unfounded. We suspect the same is true for their charges of reds in the local public schools.

The utter futility of their allegations is ably brought out when one scans the list of organizations and persons included as radicals in the charges: The Federal Council of Churches, the Methodist Church, Omaha University, the local public schools, S. Parkes Cadman, Sherwood Eddy, Jane Addams and, above all things, the Omaha schoolboy safety patrol. Just how the last named organization is tainted with radicalism Rev. Mortensen did not bring out clearly in Wednesday's harangue.

If Rev. Mortensen and Mrs. Harris really want intelligent, thoughtful Americans who believe in the ideals on which our government is based to believe their charges, they must bring forward more evidence than they introduced at the Y. W. C. A. Wednesday.

"Cards Will Face Stiff Foes," says a headline over a Gateway football story. Well, they shouldn't have much trouble beating them.

THE UNIVERSITY AND OMAHA

"WHAT the University Has Done for Omaha" is the title of an article appearing in the 1926-27 edition of the University of Omaha catalog. It might be well to review here the arguments advanced in the catalog in view of the regents' attempt to secure government funds with which to expand the work of the University.

"It has attracted a continually increasing number of non-resident students," the article states. "It has done much toward making Omaha a recognized educational center. It has made Omaha a more desirable place of residence by multiplying those influences which minister to idealism and culture. It has, during its brief fourteen years of experience, expended in Omaha approximately \$1,400,000 for real estate, buildings and equipment, supplies, and salaries.

"In recent years it has saved and brought to Omaha, in the way of student expenses, an average sum of more than \$500,000 annually. Its expenses have increased from year to year with the growth of the student body and extending range of its educational work. It is a conservative fact that, since it was founded, the institution has either brought to or saved to Omaha a sum of at least \$2,600,000."

While we do not mean to imply that the sole benefit resulting from the University of Omaha is that it provides a great deal of business for local merchants and eases the load on parents who are sending children through college, the facts still remain and must not be overlooked when considering the benefits which flow from the University. In the past ten years the University enrollment has more than doubled and the scope of the institution's work has expanded in a like proportion. Thus we can safely say that the University each year either brings to or saves Omaha several hundred thousand dollars a year.

Book Review

"Marvelous! Colossal! Tremendous!"

After such enthusiastic comments which greeted our initial literary plunge in this space last week, can we refrain from again offering you this delightful treat? No, dear readers, we cannot refrain.—The Editor.

MUCH ADO ABOUT NOTHING
Reviewed by Your Fran Nelson

I recently received publication notices and a copy, hot off the press, of a delightful new novel by two famous co-authors, S. T. Udent and C. O. Uencil.

Following the trend of the psychological novel, "Ulysses," by James Joyce, the authors have borrowed a title from Shakespeare. Attempting to show the futility of life, "Much Ado About Nothing" tells the story of a willful little group of miscreants who in the "process of living" find themselves becoming more and more involved with several groups of ignorant natives on a small tropical island.

As the story unfolds, we see this small group gradually splitting into quarrelsome factions which place themselves at the head of various tribes of natives, despite their protests, and a state of civil war soon exists.

The authors seek to impart the suffering and troubles which come to the inhabitants of this island, and the effect this sort of life has on the minds, habits, and customs of this once happy and simple civilization.

Picking up the thread of the story, we see the ambitious leaders gradually destroying themselves by their own selfishness and greed until the day comes when not one of them remains.

Part two of the novel portrays the attempt of this civilization to return to their former state of life and their gradual rehabilitation in their earlier mode of life. This transition slowly but surely takes place until it reaches the point where all traces of the unfortunate period in their lives is wiped out, and the return to a simple, rather aimless life is complete.

Although rather heavy reading in spots, this novel is well worth reading, and will furnish many hours of diversion for the person who enjoys a book of this tripe.

Thru The Keyhole

Spring is here!...Tiny Ryan has fallen for Amy Rohacek....It was a secret who his new pash was, but I finally got the low-down....I don't know what Amy thinks, but Tiny is all agog....Nall, not committing herself, told O'Brien she could not see him any more....The wonder is, Cullison and Byrne settled their difficulties at the Phi Sig.

POLAR ANTICS

Men and dogs, they all follow Nana....Like sap to a tree....Staate and L. Willson....Nygard-Coulter....Vogel-Anybody....Seen at the dance Friday....Diamond and Stimson now that basketball season is over....Vogel and Christy (Tsk, tsk)....Tietort with his past....A south-sider with his future (Fisher)....Must be seen to be believed....Steincamp's eye....Virginia A. knitting in Biology....(Maybe she heard that Derbyshire was looking for such a person)....Would-be spring pitchers in training—heaving fish....Joan Dorsey striking the spark of romance in a very studious doctor-to-be....Tarnoff telling a good story, for once....The best in the house for Haberstroh, because of his ability to secure the best speakers for the Chem Club....Myers is just an old sleepyhead....Ellnor Johnson doesn't seem to wear that Theta pin very often.

"NUTS TO YOU"

M. Jackson says "nuts" to you guys who criticize her company....Dick Ayard says we don't quite give the lads at the Science Hall a break....sorry, fallars, I'll remember ya all I can....If I hadn't known that Steincamp was going to the Phi Sig with Novak I would have mistaken her for one of the famous (or infamous) Cherry sisters....everyone else did, even her mother....There seems to be more to this Prall-Wilcox deal than there appears to be on the surface....Wonder if Lucille was lying when she said she was going to Council Bluffs....Hope the Alpha Sigs can take better care of themselves tonite than the Phi Sigs did last week....not much danger of that, I guess....Lloyd wouldn't spend a Saturday evening at Cunningham's sister's house....smart girl....See ya tonite.

Belle M. Ryan, assistant superintendent of the Omaha schools, will speak before Dr. L. O. Taylor's class in "Education and the New Age" Monday evening. Miss Ryan will give a resume of a recent meeting of educators in Atlantic City.

Garlough, Biology Head, Has Dislike for News Reporters

By ALYCE WEAR

Dr. Leslie Nathan Garlough, head of the Science department, expressed a general distrust for reporters, for he has often had the meaning of his statements misconstrued until he no longer recognizes them.

"During one interview I talked on the glacier-effected country of Nebraska. The paper came out. The headline read, 'Garlough says Nebraska is a Washout.'"

Dr. Garlough is an enthusiastic man. He gestures and talks vig-

ously and displays an enormous amount of energy. He was born in St. Paul, Minn., and received his three degrees from the University of Minnesota. He taught six years at Minnesota. During the World War he prepared laboratory workers for the army at Yale University Army Laboratory. Directly after receiving his Ph. D. in 1931 he obtained his position at Omaha University.

Dr. Garlough wrinkled his forehead and looked almost bored when asked whether he believed in the theory of evolution. "But it is a fact," he said.

"Existence of God and evolution? Of course. Evolution

tells how things were created. It does not deny the existence of the deity. Science and religion are two aspects of the same thing, and both are real."

Dr. Garlough watched this reporter as she made notations. He didn't want another "washout" episode to happen.

Mr. B. H. Mead, a former Omaha, has been re-elected as superintendent of schools at Long Pine, Neb., with a raise in salary.

Plot Thickens As Paper Out Again

An anonymous publication made its second appearance at Omaha University Monday, again in an aura of mystery and with the identity of its editors still a deep, dark secret.

The title of the eight-page mimeographed pamphlet has been changed from "Bootstraps" to "Spectrum," but the general content of Monday's edition was the same as in the initial issue, including quotations from works of Thomas Jefferson, Benjamin Franklin, Bertrand Russell, Everett Dean Martin, and other prominent writers.

An editorial announcement in the last issue states that the editors are not crusading for any social cause, but merely trying to "encourage liberal thinking."

Dale Davis, ex '36, is now a member of the CCC and is stationed at Fort Crook.

Practice Teachers Make Voice Tests

The high school practice teaching class of Dr. L. O. Taylor, secondary education instructor, is making voice tests this week on the Ediphone.

Each member of the group dictates a paragraph into the Ediphone and compares his record with that of the other members of the class.

"We are endeavoring to correct faulty pronunciation and occasional bad grammar, to determine the proper rate of speaking, to correct slovenly articulation, and to develop a carrying voice, with effective modulation," explained Dr. Taylor.

PAYNE AT SIGMA TAU

Dr. Wilfred Payne spoke to Sigma Tau Delta fraternity in the women's faculty building Thursday evening on "Metaphysical Poets." Formal initiation of the nine new pledges was also held.

W. A. A. Tournay Comes To Close

The Women's Basketball Tournament was concluded with a banquet sponsored by the W. A. A. at the French Tea Room, Wednesday, March 13. Mrs. Gladys Shamp, former campfire girls executive, was guest speaker.

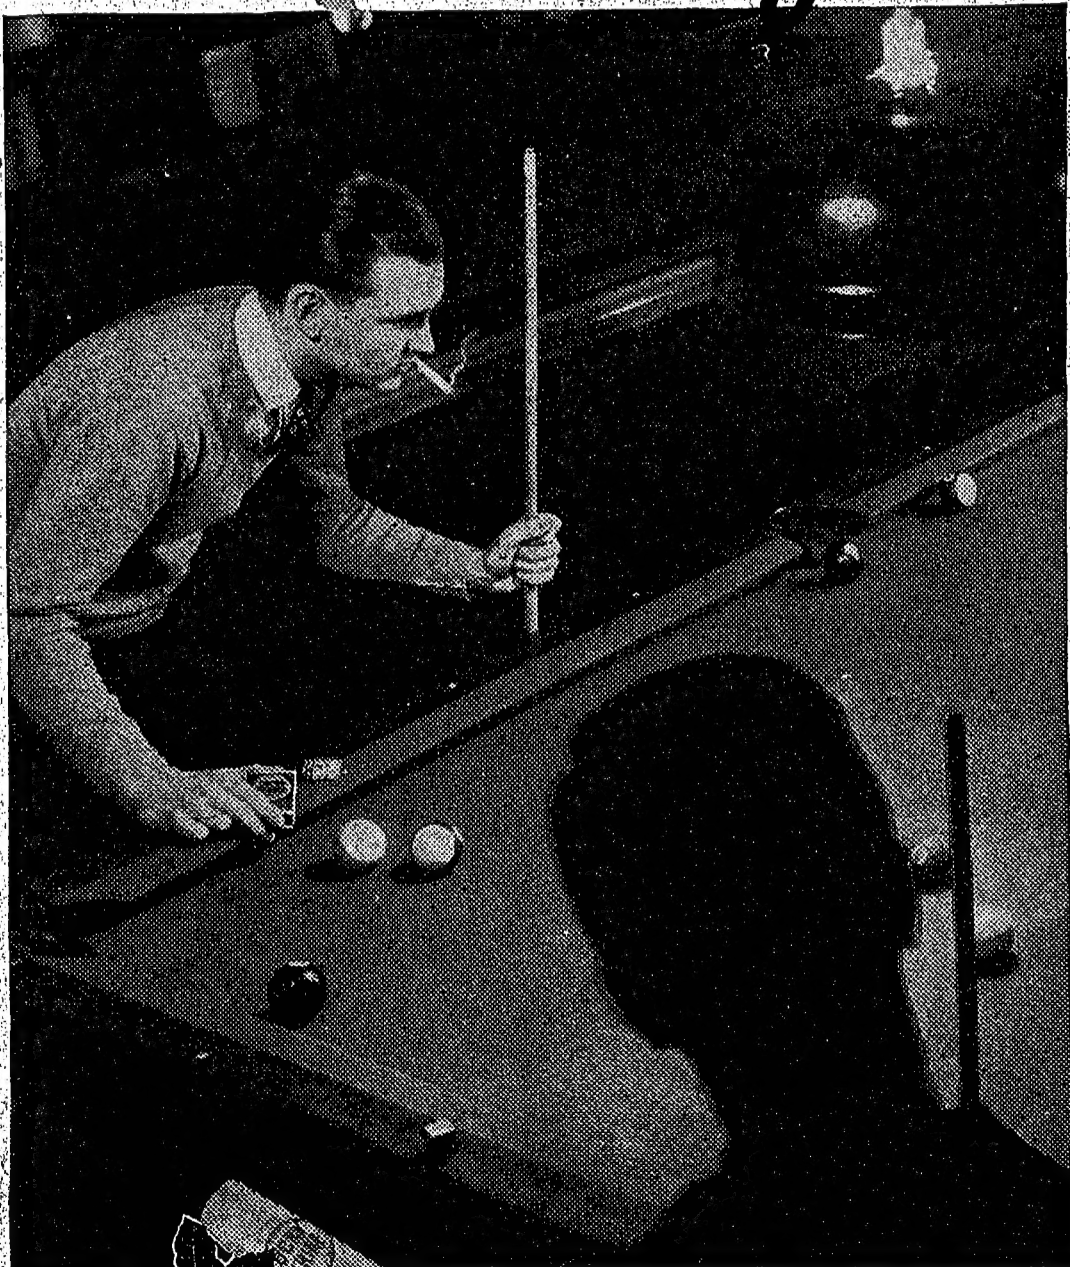

Alice Hillstrom served as toastmistress.

DUKE UNIVERSITY SCHOOL OF MEDICINE DURHAM, N. C.

Four terms of eleven weeks are given each year. These may be taken consecutively (graduation in three years) or three terms may be taken each year (graduation in four years). The entrance requirements are intelligence, character and at least two years of college work including the subjects specified for Grade A Medical Schools. Catalogues and application forms may be obtained from the Dean.

Put me in your pocket

I'm your best friend

You like me best because I am so mellow, rich, flavorful. You choose me in preference to other cigarettes for another reason; because I am so mild and easy on your throat. I am made exclusively from fragrant, expensive center leaves. That's why I'm milder. That's why I taste better. No top leaves, unripe and stinging; no bottom leaves, coarse and sandy, are permitted to destroy my uniform mildness and good taste. I'm your best friend. I am your Lucky Strike.

I am your
Lucky Strike

Omaha is Fourth In North Central

Omaha University cagers finished their first season in the North Central Athletic Conference in fourth place with a record of three wins and four defeats.

North Dakota university, victors over the Cardinals in the opening game of the year for the locals, copped the league championship again with eleven wins and no losses.

Senior Cage Team Beats Undergrads

The "Iowa Trio" again led an Omaha team to a victory, but this time it was a senior team against an undergrads squad. They showed the undergrads plenty and won, 39 to 23.

Patterson was the big gun with 17 points, while Hoover and Wilkinson were right behind "Pat." Curtis played a heads-up game, as did Johnk and Brown for the undergrads.

SPRING GRID DRILL ATTRACTS THIRTY

Omaha University's first spring football practice got under way Monday afternoon with thirty "hopefuls" donning the mole-skins for the season's first workout on the Ames Avenue lot.

Veterans, playful as a litter of young bobcats, who couldn't wait for the first scrimmage to push each others' noses in the mud, had to resort to jousting to let off steam. Johnk, veteran center, finally succeeded in eating up his share of terra firma, one mouthful of which seemed to spoil his appetite for this knightly pastime for the present.

Scrimmage Today

Coach Sed Hartman sent his gridders through a lengthy calisthenic and limbering-up exercises, followed by a short signal drill, and then chased them into the locker room to criticize the end play of last year's Chadron game.

Gene Hoover and "Hank" Hummel, veterans lost to the squad by graduation, will assist Hartman in building up reserve strength from last year's freshman ranks. Niemen and Anderson, veteran ends, reported Tuesday, leaving only Norman Sorensen and Ken Turner yet to report. Upon their arrival Hartman hopes to mobilize three elevens for spring training tactics.

Nana Davis, '35, entertained Miss Solly Florie of Albion last week.

Barbs Victors In Intra-Mural Meet

The Barb basketball team won the fourth intra-mural championship last Thursday when they defeated the Theta Phi Delta quintet, 21 to 12, in the University gym.

Getting away to an 8 to 1 lead with Turner leading the way, the Barbs were never headed and they maintained a 12 to 7 score at the half. Rogers and Johnson kept the Greeks in the running, while Turner and Gathman put the Barbs ahead.

Iowa Trio Stars As Harkerts Win

The Harkerts basketball team won the Class A title in the Benson open tournament last Saturday and brought added fame to the original "Iowa Trio," Patterson, Curtis, and Wilkinson, and to Leon Fouts, an Omaha alumnus.

Patterson led the scoring with 11 points and was assisted by Curtis, who scored 10. The Iowa boys, who recently gave the Omaha University its third championship N. I. A. A. title, were the mainstay for the Harkerts throughout the tourney and handed the Blissards one of their few defeats.

The championship Harkerts team will compete in the national A. A. U. tourney in Denver.

They won't help you catch rivets —

*they won't cause any ills
or cure any ailments*

— but they Satisfy

... when anything satisfies it's got to be right... no "ifs" or "buts" about it.

Chesterfields satisfy because, first of all, they're made of the right kinds of mild ripe tobaccos. These tobaccos are thoroughly aged and then blended and cross-blended.

It takes time and it takes money, but whatever it costs in time or money we do it in order to give you a cigarette that's milder, a cigarette that tastes better.
